2.1/SiV/2021 – Supplying with IT equipment for project “SEED Step III – Support of Educational and Employment Development” – Project funded by Austrian Development Agency - ADA.

a. General Information

The ADA framework programme “SEED Step III – Support of Educational and Employment Development in Kosovo and Serbia” consists of three coherent and interactive programme interventions with the common overall objective to contribute to poverty reduction through improved labour market integration and gender equality. Specifically, the programme aims at fostering inclusive labour market integration of women and youth, and at stimulating social innovation in regional and transnational labour markets, focusing on cooperation, networking and exchange of know-how.

“Syri i Vizionit” in co-ordination with the description and project needs, announce this tender for purchase of **three (3) All In One computers** with the general description of technical specifications as below:
